

Bibliography

[This bibliography is a compilation of the references cited in this work, and background sources. Where several references in a series are cited, complete bibliographic details are provided only for the first in the series, e.g., for the *City Directory*, (annual 1898 to 1930) the publisher listed is The Phoenix Directory Company, Phoenix who published the directory in 1898 although over the years the publisher changed — in 1920 it was the Arizona Directory Company based in Los Angeles.]

Treasure Maps

Note: Treasure maps and purported treasure maps are often notoriously ambiguous in their dating. For example, the famous Peralta-Fish Map is commonly dated to 1848; however, there are no known documentation of its existence before the 1930s at the earliest, and perhaps not until as late as the 1950s. The dates given below should all be considered tenuous.
